

Tuesday, April 4, 2017

| WELCOME DINNER | | |
|----------------|------|-----------------------------------------------------------------------------------|
| 7:00pm | 8:30 | Welcome dinner – casual (<i>Agava Restaurant, off campus near Best Western</i>) |

Wednesday, April 5, 2017

| | | TRAINING SESSIONS |
|---------|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8:15am | 9:00 | Registration & Packet Pick-up (<i>outside B3oB - Mann Library</i>) |
| 9:00 | 12:00 | WED - MORNING WORKSHOP – Mann Library B3oB |
| | | Getting Started with DDI This workshop will look at the major uses of metadata, how DDI supports them, and how to use this information to determine what parts of DDI are important to your work. Following this we will focus in on the first three areas which are of particular use to libraries, archives, and individual researchers. We will explore various decision points regarding version selection, depth, and breadth of coverage. Finally we review the available tools noting any special functions or limitations. The attendee should gain an understanding of what DDI can support as well as how to integrate the use of DDI into their data/metadata management work. <i>Instructor: Wendy Thomas, Minnesota Population Center - University of Minnesota</i> |
| 12:00pm | 1:30 | Lunch - On Your Own – See options listed in the event packet |
| 1:30 | 4:30 | WED - AFTERNOON WORKSHOP – Mann Library B3oB |
| | | Document Questionnaires and Datasets with DDI: A Hands-On Introduction with Colectica This workshop offers a hands-on, practical approach to creating and documenting both surveys and datasets with DDI and Colectica. Participants will build and field a DDI-driven survey using their own questions or samples provided in the workshop. They will then ingest, annotate, and publish DDI dataset descriptions using the collected survey data. The course will cover the following DDI content areas: <i>Instructor: Jeremy Iverson and Dan Smith, Colectica</i> |
| 7:00 | | No-Host Dinner (Ithaca Beer Company) |

Thursday, April 6, 2017

| | | MAIN CONFERENCE - DAY 1 - ILR Conference Center |
|--------|--------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7:45am | 5:00 | Registration, Packet Pick-up & Information |
| 7:45 | 8:30 | Continental Breakfast and Networking |
| | | Welcome and Keynote Address |
| 8:45 | 9:00 | Welcome Remarks and Introduction of Keynote Speaker: Dr. William Block <i>Director, CISER</i> |
| 9:00 | 10:00 | Keynote Address: Why we need Survey Data and Data Archives to Understand Mass Incarceration <i>Dr. Peter Enns, Executive Director, Roper Center</i> |
| | | Morning Sessions |
| 10:00 | 10:15 | Break – beverages and snacks |
| 10:15 | 11:45 | Capturing metadata early in the research data lifecycle <i>Barry Radler, University of Wisconsin-Madison</i> DDI to DATS: ICPSR metadata on the DataMed Portal <i>Jared Lyle, ICPSR; Sanda Ionescu, ICSPR</i> Two paths converge - DDI translation to and from the Roper Center for Public Opinion Research <i>Tim Parsons, Roper Center for Public Opinion Research at Cornell</i> |
| 11:45 | 1:30pm | Lunch (provided) at the IRL Conference Center |
| | | Afternoon sessions |
| 1:30 | 3:00 | Sample Use Cases for the Data Dictionary View in DDI Views <i>Dan Gillman, U.S. Bureau of Labor Statistics; Arofan Gregory, Aeon Technologies, U.S.; Larry Hoyle, IPSR University of Kansas, U.S.; Knut Wenzig, DIW Berlin - German Institute for Economic Research, Germany</i> Metadata in Educational Large Scale Assessment <i>Ingo Barkow, University of Applied Sciences HTW Chur</i> Using Standards to Help Achieve Long Term Goals at The Minnesota Population Center <i>Wendy Thomas, Minnesota Population Center - University of Minnesota</i> |
| 3:00 | 3:30 | Break – beverages and snacks |

| | | |
|------|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 3:30 | 5:00 | <p>Documenting the Consumer Expenditure Surveys with DDI and Colectica: An Update <i>Dan Gillman, U.S. Bureau of Labor Statistics; Evan Hubener; Reginald Noel; Bryan Rigg; Arcenis Rojas; Lucilla Tan; Taylor Wilson</i></p> <p>Question Banks and Colectica Questionnaires <i>Dan Smith, Colectica</i></p> <p>Preparing data files for preservation with Colectica Datasets <i>Jeremy Iverson, Colectica</i></p> |
| 5:00 | 6:00 | Break |
| | | Poster Presentation Evening – Outside Statler Hotel Ballroom |
| 6:00 | 7:00 | <p>An enterprise codebook: using DDI to represent the metadata of multiple survey programs conducted by the US Census Bureau <i>Christopher Carrino, US Census Bureau</i></p> <p>Using METS and DDI to improve preservation workflows for research data in archives/libraries <i>Amber Leahey, Scholars Portal</i></p> <p>Controlled Vocabularies Published by the DDI Alliance <i>Sanda Ionescu, ICPSR</i></p> <p>Automated DDI-Compliant Metadata Extraction and Verification from Common Statistical Software File Formats <i>Gene Wang, Roper Center</i></p> <p>CISER Setup-File Creator <i>Florio Arguillas, CISER</i></p> <p>Discovering the Archive – An Overview of the Collection at the Roper Center for Public Opinion Research at Cornell University <i>Kathleen Weldon and Brett Powell, Roper Center</i></p> <p>CISER Data Support Services: A Cornell Resource for the Social Sciences <i>Janet Heslop, CISER</i></p> |
| 7:00 | 9:00 | Dinner (provided) - Statler Hotel Ballroom |

Friday, April 7, 2017

| | | MAIN CONFERENCE - DAY 2 - ILR Conference Center |
|--------|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8:00am | 9:00 | Registration, Packet Pick-up and Information Continental Breakfast and Networking |
| | | Morning Sessions |
| 9:00 | 11:00 | <p>Developing a DDI-driven data visualization application in Dataverse <i>Kevin Worthington, Scholars Portal</i></p> <p>Automated Capture and Description of Data Transformations <i>Jeremy Iverson, Colectica; Jared Lyle, Dan Smith, Pascal Heus, and Ørnulf Risnes</i></p> <p>Experiments with crowdsourcing metadata in a social science environment <i>Carl Lagoze (University of Michigan), Lars Vilhuber, William C. Block, Warren Brown, Kyle Brumsted, Charles Simmer, and Brandon Barker (Cornell University)</i></p> <p>Metadata-driven Gamification: Exploring a new system for Crowdsourcing Antebellum History <i>Brandon Kowalski, CISER</i> <i>Jason Kovari</i></p> <p>The History and Future of the National Data Archive on Child Abuse and Neglect (NDACAN) <i>chris wildeman and Michael Dineen, NDACAN</i></p> |
| 11:00 | 11:15 | Break |
| 11:15 | 12:00pm | Plenary Session: Conference Wrap-Up and Future of NADDI |
| 12:00 | 1:30 | Box lunch (provided) – Thank you and safe travels |
