

## **Sponsorship Package**

The Health Research Data Repository (HRDR), supported by the Faculty of Nursing at the University of Alberta, is pleased to be the host of the NADDI 2016 conference. We would like to invite you to participate in our Sponsorship opportunities.

This event will take place in Edmonton, Alberta, Canada:

- Pre-Conference Workshops: April 6, 2016
- Conference: April 7 & 8, 2016

NADDI is a perfect opportunity for your organization to increase recognition and visibility internationally with researchers and data professionals in the social sciences and other disciplines. A wide range of sponsorship opportunities are available at Platinum, Gold, and Silver levels.

Customized sponsorship benefit packages can also be developed to meet your organization's unique requirements.

The Health Research Data Repository (HRDR) is a secure and confidential virtual research environment (VRE) created to support health related research projects, to support collaboration across research disciplines, to house health research data and meta-data throughout their life-cycle, and to promote the secondary use and re-purposing of health research data.

The mission of the Health Research Data Repository (HRDR) is to stimulate both qualitative and quantitative health related research while building a collaborative culture of respect relating to data management and confidentiality.

For more information regarding NADDI 2016 Sponsorship opportunities, please contact James Doiron, HRDR Manager, by email at [jdoiron@ualberta.ca](mailto:jdoiron@ualberta.ca)
